

I strongly oppose the NAB's petition 04-160. I am a truck driver and I rely on XM radio for all of my entertainment as well as traffic and weather reports. I use the traffic and weather reports to avoid trouble areas as well as to be prepared for anything coming ym way. XM radio is my one stop shop for all of my listening needs. I am not constantly fiddling with the dial every5 miles because the station i was listening to went out of range.The NAB has no right to dictate what I listen to. I chose XM, it didn't choose me and I pay for it. I'll decide what I listen to when I want.

XM all the way!
